

# RENEXPO

## CONNECT ENERGIES

**19 – 20 March 2026**

Messezentrum Salzburg

Trade fair for the energy of the future.

Europe's  
industry meeting  
place for hydropower  
& renewable energies

Renexpo is Austria's leading trade fair for the energy of the future, focusing on hydropower, storage solutions and the networking of renewable energy systems in Austria. Experts from business, politics, construction and engineering use the platform for networking and knowledge exchange. The fair provides a forum for discussions on innovations, framework conditions and sustainable energy concepts.
